

Project Demo Planning

Date	05 July 2026
Team ID	XXXXXX
Project Name	Opticrop-Smart Agricultural Production Optimization Engine
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project and team members	1	Yalla Indravathi
2	Problem Statement	Explain challenges faced by farmers in crop selection and yield prediction	1	Yalla Indravathi
3	Solution Overview	Present OptiCrop architecture, ML model, and workflow	2	Yalla Indravathi
4	Crop Recommendation Demo	Show crop prediction based on soil and weather inputs	2	Yalla Indravathi
5	Yield Prediction & Weather Module	Demonstrate yield estimation and weather information	2	Yalla Indravathi
6	Conclusion & Future Scope	Summarize results, benefits, and future enhancements	1	Yalla Indravathi

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain agricultural challenges and need for smart farming solutions
2	Solution Overview	Present system architecture, technologies used, and ML workflow
3	Live Feature Demonstration	Demonstrate login, crop recommendation, yield prediction, and weather information
4	Q&A Session	Answer questions from evaluators and discuss future scope
